

NEW!

LFEE EUROPE FOLLOW-UP IMMERSION COURSE in FRANCE 2017-2018

LFEE Europe is pleased to offer **primary teachers** who have already completed one of our courses in Lyon and/or Salignac the chance to attend a new **follow-up Immersion Course** in Montpellier! Teachers will be able to upskill their level of French, acquire new teaching ideas, deepen their knowledge of French culture, and participate in a school visit (where available).

The course will take place in Montpellier	
Autumn 2017	14-21 October 2017
Spring 2018	31 March - 7 April 2018

The **immersion follow-up course** aims to further increase primary teachers' confidence in the teaching and learning of French by:

- Upgrading participants' existing knowledge of the French language, looking in particular at pronunciation, grammar and sentence building.
- Focusing on areas of language important to the primary classroom such as classroom instructions and vocabulary for daily routines.
- Reinforcing participants' knowledge of French culture by discovering the exceptional cultural heritage of the South of France, and learning about the French school system (with a possible visit to a primary school).
- Updating participants' skills in the Teaching and Learning of languages at Primary level, with fresh ideas on how to embed French in the classroom, ready-made teaching resources as well as new ICT activities, games and songs.

Please contact LFEE Europe as soon as possible to pre-register and receive guidelines to help you apply for Erasmus+ funding. Places are allocated on a first come first served basis.

The deadline to apply to all National Agencies for Erasmus+ funding is 2 February 2017 at 11am (UK time). If your school applied for Erasmus+ previously, the application process should be shorter as you can use the same ECAS and PIC number.
