Aims of course for Teachers of English to Young Adults/Adults

- To develop cultural awareness and understanding of contemporary Britain
- To enhance methodological expertise in the teaching of English to young adults/adults
- To enhance participants' discursive skills, revisit and update lexical and grammatical skills and boost confidence
- To use Internet and other ICT resources in class
- To use published, authentic and audio-visual material in class
- To debate current issues and to (re)discover contemporary British personalities
- To share experience and ideas with colleagues from other European regions
