

DRAMA & LANGUAGE COURSE

Professional Development Training Opportunities
with LFEE Europe and InterActing+

Drama and Language Learning and Teaching

These courses offer step-by-step solutions to applying drama and communication techniques to classroom management, while developing teachers' personal confidence in the process. A strong group dynamic within a "safe" environment allows teachers to put themselves in the position of their students and try out new techniques. On our courses, teachers have a unique opportunity to learn together, to play together, to laugh together and to have fun speaking in the target language. What makes our courses stand out from others is that they are developed and run by drama practitioners with proven international experience of bringing theatre to schools.

Objectives of our "Drama and Language Learning and Teaching" training activity:

At the end of the course, participants:

- will have refreshed and reinforced their English language skills
- will have extended their repertoire of teaching and learning strategies
- will have a resource of games and drama activities at their disposal, which will contribute to
 - the development of pupils' thinking skills
 - personal capabilities
 - personal development in line with national strategies and curriculum.

Testimonial

"I loved every minute of it! The main positive for me is the emphasis on drama, which the team leads with experience and warmth and which gave me space to bring my own competences into as well. Everything about logistics organised by the course provider was just wonderful. Nothing to say except thanks!"
