

SUSTAINABLE DEVELOPMENT COURSE

Professional Development Training Opportunities
with LFEE Europe and InterActing+

Learning for Sustainability

This training course offers a chance to explore principles of Learning for Sustainability within the host country's Education System. It includes a balance of formal presentations by education experts, meetings with management teams to exchange good practice, actions and plans developed by schools and participative workshops, as well as a chance for participants to share good practice with colleagues and reflect on their own professional practices.

Aims of our "Learning for Sustainability" training course:

- To discover the roles and responsibilities within the host country's Education System, from government to educational establishments
- To explore principles of Learning for Sustainability within the host country's Education System
- To attend workshops in schools to discuss with school leaders, teachers and pupils how they put in place Learning for Sustainability.
- To meet with management teams to exchange good practice, actions and plans developed by schools
- To reflect on how the training can inform Learning for Sustainability programmes and policies in each participant's region/country of origin, as well as their own individual work practices

Testimonial

"I liked the combination of school visits, presentations and self-organised learning. I learned a lot and I feel freshly motivated. I have so many concrete ideas for my lessons. For me, the course was perfect!"

About us

Interacting+ Ireland and **LFEE Europe** have been designing tailor-made teacher training courses in the UK, Ireland, Spain and around the world for more than 20 years. Since then, a growing community of teachers have brought activities and processes from their training to classroom practice. We are internationally recognised leaders in the field of Education and Language Teaching and Learning and in the ways that process drama can enhance learning. We have led on numerous projects of cooperation and innovation under the Erasmus+ KA2 and KA3 programmes.
