

NEW! Professional Development Training Opportunity
with LFEE Europe and InterActing+

Innovation and Digitalisation in Estonian Education

Location: Tallinn, Estonia
Duration: 4 days training / 6 days mobility
Dates: 25 - 30 May 2025

Join us in Tallinn, Estonia, for an immersive training course on Innovation and Digitalisation in Education. This unique opportunity offers firsthand insights into Estonia's world-renowned digital education system, with expert-led sessions, school visits, and hands-on workshops. This course will equip you with valuable knowledge and practical tools to take back to your own education context.

Aims of our “Innovation and Digitalisation in Estonian Education” training course:

- Understand the Estonian education system and its approach to digital innovation.
- Gain insights into Estonia initiatives and how digital transformation supports education.
- Visit local schools to observe educational practices and technological integration.
- Network with Estonian and other education experts and participate in discussions on innovation.
- Reflect on learnings through debriefing sessions and evaluation activities.

Testimonial about our study visits

“Thank you to all the speakers this week, to the schools and especially to our trainers for their welcome, their kindness and what they brought to the group. The course made us think about our own practice and we look forward to discussing this with our colleagues and our management.”

About us

Interacting+ Ireland and **LFEE Europe** have been designing tailor-made teacher training courses in the UK, Ireland, Spain and around the world for more than 20 years. Since then, a growing community of teachers have brought activities and processes from their training to classroom practice. We are internationally recognised leaders in the field of Language Teaching and Learning and in the ways that process drama can enhance learning. We have led on numerous projects of cooperation and innovation under the Erasmus+ KA2 and KA3 programmes.
