English Language and Culture Development

Enjoy a fun and immersive language-learning experience in Ireland! These theme-based courses offer just the right balance of language skills development and improving participants' expertise in the pedagogy of language teaching. You will be fully immersed in the English language and Irish culture, gaining enthusiasm and invaluable knowledge to take back to your target audience. Our methodology is practical and dynamic: teachers learn by doing!

Aims of our “English Language and Culture Development” training course:

- To update participants’ English language skills through formal and informal conversation, grammar, speaking, listening, reading and writing activities
- To enhance participants’ language learning and teaching methodology
- To develop cultural awareness and understanding of Ireland/the British Isles
- To promote the exchange of teaching practices and develop ideas for use in the Classroom
- To enhance participants’ professional development and encourage them to reflect on personal practice

Inclusion, Health and Wellbeing in Education

This training course connects with the research and outputs of the Inschool2 Key Action 3 project. It includes a balance of formal presentations by education experts and participative workshops, as well as a chance for participants to share good practice with colleagues and reflect on their own professional practices.

Objectives of our “Inclusion, Health and Wellbeing in Education” training activity:

- To deepen knowledge and understanding of inclusive education policy, practice & culture
- To suggest ways to promote inclusive culture in the classroom
- To enhance the skills of teachers working inclusively in schools
- To understand and to address the diversity of learning needs in a classroom
- To give participants tools to work on collective problem sharing and solving
- To enhance cooperation within the school community (parents, students, school staff) and with a wider spectrum of education stakeholders
- To increase the confidence and motivation of teachers to implement inclusive pedagogies
- To explore principles of Inclusion, Health and Wellbeing within the host country’s Education System

Drama and Innovative Pedagogy

The primary objective of this course is to enhance teacher's resources by equipping them to use the tools of process drama to innovate in their classrooms. The learning and teaching includes: How to motivate your learners / Building communicative competences / How to use drama as assessment across the curriculum / Designing your own creative resources / Adapting cross curricular activities / Building community in your school / Design and delivery of creative learning events / Using digital tools to capture the process.

Content

Our course has at its core a series of Learning Events: 'Show What You Know' (SWYK), supported with drama activities and guidance of how to work with them. SWYK are interactive activities inviting participants to use their creativity and express their understanding on given subjects. The events are inspired by popular multimedia formats. Each event offers opportunities for participants to negotiate, order and express their understanding of content appropriate to the task through presentation. We create a virtual classroom space for participants to share resources, upload assignments and communicate during and beyond the course. We provide participants with a set of innovative learning tools and the competences required to effectively use them. Participants will explore through various activities and guidance how to use learning events to facilitate dynamic assessment.

Organising quality pupil mobilities within Erasmus+

At the heart of the Erasmus programme is the learning and enrichment which comes from travelling and hosting. Successful pupil mobilities can not only build lifelong friendships they can help sustain cultures of exchange which go beyond the expectations of specific projects. Our course is designed and delivered by experts in implementation and evaluation. Pupil mobility is a key element of the school internationalisation process. Organising quality learning periods abroad within the framework of the Erasmus+ programme requires a detailed and precise execution of tasks in which all the agents involved intervene. In this course, we will establish methodologies to organise quality pupil mobilities in each school,

in accordance with the quality standards of the Erasmus+ program, whether they are group mobilities or individual, short or long-term, mobilities.

The different processes that will be addressed during our “Organising quality pupil mobilities within Erasmus+” training course include:

- Pupil mobility in Erasmus+: Group mobility, short-term learning mobility and Long-term learning mobility
- Consistency of mobility with the school needs and objectives
- Inter-school agreements
- Participants selection
- Expected results
- Program, study plan and learning agreement
- Recognition of learning outcomes

Supercharge Your Teaching With ChatGPT and AI

This course introduces an array of amazing AI tools designed to supercharge your teaching at all levels. You'll master hands-free interactions with voice control, streamline your communications with preset prompts, and create captivating, interactive activities for your students. Learn to harness AI for effortless lesson planning, content creation, and student assessments. Dive into tools that offer sharp, concise answers to complex questions and generate quick video summaries. Develop skills in crafting effective AI prompts and explore advanced techniques for using large language models in the classroom. Discover how to create customised educational chatbots tailored to your students' needs, transforming the way they interact with learning materials. Additionally, tools that transform text into speech make materials accessible for all students, and automate the transcription of video and audio recordings for easy review. These AI innovations will revolutionise your teaching, creating a more dynamic, inclusive, and efficient learning environment.
