## Learning and Teaching English through CLIL

These theme-based Language and Methodology courses are specifically designed for primary and secondary teachers. Participants are introduced to the principles of CLIL and explore how target languages and subjects can be taught together using creative approaches and drama processes. The courses are practical and include Discovery events, engaging with the environment and building learning communities.

### Aims of our “Learning and Teaching English through CLIL” training course:

- To explore CLIL approaches
- To discover resources suitable for the cross-curricular teaching of English in schools
- To refresh and enhance participant’s linguistic skills
- To discover a different Education System and the roles and responsibilities within it, from Government to educational establishments
- To enhance the professional and cultural awareness of participants
- To explore efficient and innovative use of ICT tools

## Supercharge Your Teaching With ChatGPT and AI

This course introduces an array of amazing AI tools designed to supercharge your teaching at all levels. You'll master hands-free interactions with voice control, streamline your communications with preset prompts, and create captivating, interactive activities for your students. Learn to harness AI for effortless lesson planning, content creation, and student assessments. Dive into tools that offer sharp, concise answers to complex questions and generate quick video summaries. Develop skills in crafting effective AI prompts and explore advanced techniques for using large language models in the classroom. Discover how to create customised educational chatbots tailored to your students' needs, transforming the way they interact with learning materials. Additionally, tools that transform text into speech make materials accessible for all students, and automate the transcription of video and audio recordings for easy review. These AI innovations will revolutionise your teaching, creating a more dynamic, inclusive, and efficient learning environment.

### **Aims of our “Supercharge Your Teaching With ChatGPT and AI” training course:**

- To present participants with various AI tools and offer hands-on workshops
- To show participants how to create captivating, interactive activities for their students
- To enable participants to create a more dynamic, inclusive, and efficient learning environment for their students with the help of AI innovations
- To encourage participants to reflect on how AI can transform their teaching practice and empower their students to use AI effectively and responsibly
- To promote the exchange of teaching practices and develop ideas for use in the classroom

## **Drama and Innovative Pedagogy**

The primary objective of this course is to enhance teacher’s resources by equipping them to use the tools of process drama to innovate in their classrooms. The learning and teaching includes: How to motivate your learners / Building communicative competences / How to use drama as assessment across the curriculum / Designing your own creative resources / Adapting cross curricular activities / Building community in your school / Design and delivery of creative learning events / Using digital tools to capture the process.

### **Content**

Our course has at its core a series of Learning Events: ‘Show What You Know’ (SWYK), supported with drama activities and guidance of how to work with them. SWYK are interactive activities inviting participants to use their creativity and express their understanding on given subjects. The events are inspired by popular multimedia formats. Each event offers opportunities for participants to negotiate, order and express their understanding of content appropriate to the task through presentation. We create a virtual classroom space for participants to share resources, upload assignments and communicate during and beyond the course. We provide participants with a set of innovative learning tools and the competences required to effectively use them. Participants will explore through various activities and guidance how to use learning events to facilitate dynamic assessment.

## English Language and Culture Development

Enjoy a fun and immersive language-learning experience in Ireland! These theme-based courses offer just the right balance of language skills development and improving participants' expertise in the pedagogy of language teaching. You will be fully immersed in the English language and Irish culture, gaining enthusiasm and invaluable knowledge to take back to your target audience. Our methodology is practical and dynamic: teachers learn by doing!

### **Aims of our “English Language and Culture Development” training course:**

- To update participants' English language skills through formal and informal conversation, grammar, speaking, listening, reading and writing activities
- To enhance participants' language learning and teaching methodology
- To develop cultural awareness and understanding of Ireland/the British Isles
- To promote the exchange of teaching practices and develop ideas for use in the Classroom
- To enhance participants' professional development and encourage them to reflect on personal practice

## About us

**Interacting+ Ireland** and **LFEE Europe** have been designing tailor-made teacher training courses in the UK, Ireland, Spain and around the world for more than 20 years. Since then, a growing community of teachers have brought activities and processes from their training to classroom practice. We are internationally recognised leaders in the field of Education and Language Teaching and Learning and in the ways that process drama can enhance learning. We have led on numerous projects of cooperation and innovation under the Erasmus+ KA2 and KA3 programmes.
