Join us in Tallinn, Estonia, for an immersive training course on Innovation and Digitalisation in Education. This unique opportunity offers firsthand insights into Estonia's world-renowned digital education system, with expert-led sessions, school visits, and hands-on workshops. This course will equip you with valuable knowledge and practical tools to take back to your own education context.

Aims of our “Innovation and Digitalisation in Estonian Education” training course:

- Understand the Estonian education system and its approach to digital innovation.
- Gain insights into Estonia initiatives and how digital transformation supports education.
- Visit local schools to observe educational practices and technological integration.
- Network with Estonian and other education experts and participate in discussions on innovation.
- Reflect on learnings through debriefing sessions and evaluation activities.

Testimonial

“I am going back to my country with so many thoughts and ideas which will be useful for my personal practice, for my school and for my colleagues. The school visits in particular were truly inspiring. Thank you for everything!”
